This deductible amount will be deducted from loss caused by the peril of windstorm, in the event of a hurricane named by the National Weather Service or its successor from which sustained hurricane force winds of 74 miles per hour or greater have been measured in New Jersey by the National Weather Service, when that loss occurs 12 hours before, continuing for the period during or 12 hours after hurricane force winds of 74 miles per hour or greater have been measured in New Jersey by the National Weather Service.

When loss by windstorm occurs at any other time than noted above, the amount deducted from such loss will be the deductible amount that applies to the peril of fire.

a. Percentage Deductibles

- (1) **Deductible Amounts**
This option provides for higher Hurricane percentage deductibles of 2% or 5% of the Coverage A limit of liability when the dollar amount of the percentage deductible selected exceeds the amount of the deductible applicable to All Other Section I Perils.
- (2) **Endorsement**
Use Hurricane Deductible Endorsement LEM-2026-NJ.
- (3) **Declarations Instructions**
Enter, on the policy declarations, the percentage amount that applies to Hurricane and the dollar amount that applies to All Other Section I Perils. For example:
 - a. Deductible – Hurricane 2% of Coverage A limit and \$500 for All Other Perils.
 - b. Deductible – Hurricane 5% of the Coverage A limit, \$250 for Theft of Personal Property and \$100 for All Other Perils.
