UNDERGROUND UTILITY LOCATION CONDITION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

The following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**:

Underground Utility Location

It is a condition precedent to coverage that before the insured commences any digging, excavation, boring or similar underground work, a local locator service must come to the job site and mark all underground lines, pipes, cables and underground utilities. The insured must obtain and retain a written record from the locator service. If this is not done, there is no coverage under the policy for any loss, costs or expenses arising out of such operations, and we shall have no duty to defend or indemnify with respect thereto.
